

Internship Program 2019 – TenarisSilcotub

July – September 2019

Let yourself challenged!

We invite you to apply at what could be a great experience for your career.

Send your CV until April 20th
dgombos@tenaris.com
ileca@tenaris.com

What is Tenaris? 1900 people, 7 location, high-end products, with applicability in 3 major industrial sectors: oil and gas, process and power generation, industrial and automotive.

Why an internship in Tenaris? Our products are made using highly automated processes and advanced technology, and the specialists in automation and computer sciences are the employees who contribute in designing Tenaris plant of the future. Tenaris has a long-term partnership with UPG and develops each year programs for students and graduates: Internship, Roberto Rocca Scholarship and Global Trainee Program.

What is in for you? A great practical experience designed to give you real work experience, one challenging project, an experienced tutor that will offer guidance throughout the entire period; paid internship; accommodation if you are from a different place than your home town, paid lunch and medical insurance.

What are we looking for? Students in the 3rd year Bachelor Degree or 1st year Master; English advanced; proactivity, creativity

Available projects:

- Zalau:** Production, Supply Chain, Economics, Sales, Quality, Human Resources
- Cluj-Napoca:** Human Resources
- Campina:** Production, Quality, Maintenance, Health & Safety
- Calarasi:** Production
- Bucuresti:** Marketing, Technical Sales
